

Biker Friends;

Please plan to attend the 43rd annual Whitmore Volunteer Fire Dept. Music Fair and Motorcycle Poker run, May 12th.

We are in the midst of our first of the year great FIRE SALE (Pun intended) , and offering \$5.00 off each registration if you pre-register prior to May 7th. \$30.00 per single, \$35.00 per couple, just write on your registration "WVFD" (Lunch and all the entertainment is included)

We have appreciated the tremendous support of local and far away riders since the Poker Run's inception, participation in the past has been fantastic, and made the event the success it has become. We hope this year will be no different. Great music, food, craft booths, silent auction, games and of course the Parade.

I have said many times before that this is a fundraiser that could directly save the life of one of your fellow riders, the Fern Road loop, one of the most traveled motorcycle byways in northern CA. is traveled often by riders from all over, and if one of us were to go down, the WVFD would be the first responders on the scene.

The Department depends upon their fundraising to cover a wide variety of costs, and the county does not help with non-fire incidents. The Poker Run begins and ends at the event along with the opportunity to place your bike in the bike show. We again are reaching out to every bike organization in the county and surrounding areas, since the Fern loop is enjoyed by many outside of our area.

The poker run route will again cover the loop and the beautiful area Whitmore is encompassed by, and everyone can enjoy the food, entertainment, and festivities. The bike show will take place at the end of the poker run so it would be easy to place your bike in it. Please support this event, you will be giving back to a group that someday could save your life, and show our appreciation for traveling for decades through Whitmore.

I am hoping you will all join us. Call or email, nealsternberg@gmail.com, 530-472-3965 if you need any additional information. Registration materials attached Pre-registrations should be sent to my address on the registration material.

Thanks everyone,

Neal
